

Due to the ever-changing guidance from the State and Federal Government concerning operations navigating the Covid-19 virus, the following will take effect immediately:

- The wearing of masks is **ABSOLUTELY MANDATORY** unless seated at your table.
- The club will only serve alcohol and seat those at tables who are ordering food. Food orders will precede drink orders. Please see attached for 'meal' specifics.
- Alcohol can only be served while you are eating your meal. Once you are finished eating, alcohol service cannot continue.
- We will continue to have no drink service from the bar. All drinks must be ordered from a server **AFTER** you are seated at your table. Only servers and staff are permitted at the bar.
- The daily drawing will continue.
- Full patio seating will remain available.
- Limited dining room seating will continue.
- To ensure all members can enjoy the club to the fullest extent, we will be continuing to enforce the 2 hour time limit on tables.

As always, reservations are **STRONGLY** recommended on all days. Tables are still limited and fill up fast. As a reminder, please do not move tables and chairs. They are placed carefully to maintain the social distancing guidelines.

We appreciate your understanding during these trying times!
